

One Day Workshop

Semiconductor Design Led ESDM

Exploring the World of Semiconductor's & AI: J&K

10th February 2025

JKEDI, Bari-Brahmna, Jammu

A pioneering initiative to develop start-up Ecosystem in Semiconductor Design & Electronics System Design & Manufacturing (ESDM) and AI in Jammu & Kashmir.

Recommendations for start-ups and entrepreneurs from Jammu and Kashmir to enter semiconductor product design which is nearly half of the semiconductor value chain.

A complete set of actions to set up a Design Centre equipped for development of Manufacturing Start-up.

What to expect

How to get into manufacturing of Semiconductors

AI driven Start-ups future

Interaction with Start-ups and Incubators

Networking with Mentors & Experts

Engaging Workshops & Skill Building Activities

Best practices - Semiconductor Design and AI

SPEAKERS

Dr. M.J. Zarabi

Founder R&Z Technologies.

Also: Independent Director, Dixon

Technologies and

Ex- CMD, SCL, Mohali;

Ex- Chairman BOG, NIT Srinagar

Prof. (Dr) B.L. Raina

Founder R&Z Technologies. Also: Ex-

Faculty at: (1) UNC (USA) (2) TIFR

(INDIA) Deputation: from Glocal

University as VC to Datagami/IBM as

Head and advisor.

Mr. Susheel Jalali

COO R&Z Technologies.

Ex-Smartleaven, TCS,

Alphion & Coscend
