Incubation & Entrepreneurship
Centre (SKIIE)

Message

I am thrilled to present to you our SKUAST K Innovation, Incubation & Entrepreneurship Centre's Profile Booklet, a comprehensive Journey designed to showcase the vibrant ecosystem we have cultivated here at our incubation center. This booklet serves not only as a resource for our current and prospective Innovators/startups/Delegates/Audiences but also as a testament to our commitment to fostering innovation and entrepreneurship.

This Profile covers detailed highlighting of our unique journey, our Impact, groundbreaking Startup, IP's, and the incredible impact they are making in their respective sectors. Each profile reflects the hard work, creativity, and passion of SKUAST-K Innovation, Incubation & Entrepreneurship Team and Stakeholders.

This incubation center is more than just a physical space; it is a community of like-minded individuals who support and uplift one another. The resources, mentorship, and networking opportunities we provide are designed to help our startups thrive, and I encourage you to leverage these offerings to their fullest potential.

As we move forward, our goal remains clear: to empower entrepreneurs to turn their visions into reality. We believe that by fostering innovation and providing the necessary support, we can contribute to the growth of not just individual businesses, but also the larger economy to contribute in making our country a Viksit Bharat@2047.

I dedicate this Profile to our Honourable Vice Chancellor, Prof. Nazir A Ganai. His unwavering support and vision have been instrumental in establishing and nurturing this incubation center. His belief in the power of innovation and commitment to fostering an entrepreneurial spirit within our institution has paved the way for countless opportunities for our ecosystem stakeholders.

The support received from Department of Sciences and Technology New Delhi under i-TBI Programme to streamline incubational activities is highly appreciable and advices and inputs from Board of Directors/ Advisory Members and other eminent mentors across globe are highly acknowledged.

I invite you to explore the profile within this booklet, cherish our ambience, culture, ecosystem, connect with our team, startups, and engage with our community. Together, let us continue to drive innovation and make a lasting impact.

Naveed Hamid
